THE WILL OF THE HEART®

THE JOY OF LIFE

AN INTRODUCTION TO THE CORE EVOLUTION PROCESS

SIEGMAR & CORNELIA GERKEN

in the South of France ♦ August 20-25, 2007

**CORNELIA AND SIEGMAR GERKEN CREATE A SPACE IN WHICH YOU CAN EXPERIENCE
YOUR WHOLE BEING — BODY, FEELINGS, MIND, WILL AND SPIRIT.**

Love is a flow - the flow of life. Wherever we restrict this flow we limit our capacity to love – to love ourselves and others. But we have all had difficult moments in our lives when we needed to protect our vulnerable and essential Being. This is natural. It is when we stay in this protective condition that we cannot live fully in the Now, and we often act from the “frozen patterns” of our personal history. From this place you recognize choices and meet life, the world, and relationships in joy, and with the *Will of your Heart*.

This popular international workshop will be held in a beautiful ancient cultural setting, at Trimurti, in the South of France, about 10 km north of St. Tropez. Trimurti is situated all by itself on a hill with a view of the Mediterranean, surrounded by the landscape of Provence. The spacious grounds include a swimming pool, with the sea and foothills of the Alps just a few miles away. Three delicious meals a day are provided. Full description and details will be sent upon registration. Working language: English.
